Must see to experience the "wow" factor of the fabulous view. Watch the Seattle skyline change from your very own living room! The unique floorplan of this unit allows for downtown views from every room and the southern exposure brings in lots of natural light. The current owners have lovingly updated and maintained their home here for 25 years. Cozy up to the fireplace or enjoy the outdoors on your private view deck. Two bedrooms each with their own bath, utility room, storage and underground parking. Quiet corner unit. Reclad stucco, windows, decks, screens & railings in 2010. Strong HOA and reserves. Easy commute.
