13 The Seasons is a lovely, and privately situated condominium unit. It boasts three levels and two decks, with views of Mt Kearsarge and the golf course. Featuring a four season porch, granite counters in the cherry kitchen and an oversized garage. The immaculately finished basement and sunny location are two additional plus's to that fantastic 2BR condominium. The upstairs bedroom used to be 2 bedrooms but is now one large one. It could be put back into 2 bedrooms to add living area. Additionally, if you need more bedrooms than that there is room on the lower level for a fourth bedroom.
