First time on the market! Beautiful secluded home in Amawalk at an unbelievable price. Close to the Mount Kisco and Katonah train stations yet bordering the North County Trailway with a wooded backyard that can be experienced from the large wraparound deck. Original hard wood floors, 4 bedrooms, large eat-in kitchen and master bedroom with bath. Huge basement opens onto the backyard and is just waiting to be finished. Close to shopping and the Taconic State Parkway too!
