Mitchell Point. Anyone who has visited the Eagle River Chain will recognize this amazing property. It sits on 4.58 acres and has 935' of unbelievable frontage on Yellow Birch Lake on the Eagle River Chain of 28 Lakes. The location has historical significance too as it was once a trading post. The sellers have owned the property for over 30 years. There is a 4 bedroom, 3 bath cedar sided main home which offers over 2500 sq. ft of living space. The home has a modern kitchen and a wood burning fireplace. The views are magnificent! When guests arrive there are two additional cabins. Cabin 1 offers 600 sq. ft. and has 2 bedrooms and 1 bath. It has a fireplace as well. Cabin 2 has 530 sq. ft. and has a very neat loft. There are 3 garages on the property. In addition to the homes, a family of eagles has called Mitchell Point home in a very large nest. There are so many features to the property but the parcel is the real star.
