Jim Henry doesn't build a house, he builds a work of art you get to live in! Nestled in The Woodlands, this 4 bedroom, 3.5 bath, Prairie style home is one of the most stunning examples of form meeting function. Dramatic foyer, living room, breakfast area, kitchen with cherry cabinets and the works, dining room, generous laundry room, and Owner suite comprise the main level. Downstairs are 3 additional bedrooms, a bonus w/wet bar, and a wine cellar. Patio, screened porch and deck outside, plus 3-cat garage.
