This home was custom built in 2012 and has hardly been lived in as a second home to the current owners. A gorgeous one level home with beautiful hardwood floors in the living areas. The master bedroom is on the opposite side of the house to the two additional bedrooms. The gourmet kitchen has Frigidaire Gallery appliances, soft close drawers and granite countertops. Plenty of cabinet space along with a huge walk in pantry! The entry foyer has wainscoting and the great room is large and spacious with a gas log fireplace. Additional cabinets in the laundry room along with a storage closet. The master bedroom is large with a walk in closet and an en suite bathroom. His and her sinks, a jetted tub, a tiled shower and a separate toilet area. The two guest bedrooms share a bathroom and bath have large closet space and windows. Every window has blinds and every room has a ceiling fan! The three stall insulated garage is a good place to keep your boat or to use as a workshop space. Enjoy the private backyard from your screened porch. The backyard has a full privacy fence and an abundance of crepe myrtles. There is an irrigation system and the lawn treatment has been paid for the year of 2017. The HOA fees are \$250 per year.
