Gorgeous upscale home in new condition with many custom touches. From the layout, to the woodwork, to the arched entrances, to the custom mounding, everything is upgraded in this home. For the gourmet chef you have double ovens, a gas range, lots of custom cabinets, accented by Granite countertops. In the den you have a wood burning fireplace for that cozy evening by the fire. Even the vaulted, grand foyer has its own gas fireplace. Out in the back you will find expansive decking with a hot tub, Large landscaped yard, and a extra large Grill for entertaining guests, plus a small workshop/ artist studio. This home offers it own solar system, so you have no need to worry about power bills. All this just a stones throw from Table Rock State park, in fact, Table Rock mountain can be seen from most anywhere in the front Yard. The home is sold with a 1 year home warranty passing to the new owners.
