One of the very best views of Table Rock Mountain to be found anywhere in the upstate. This very tastefully remodeled cabin is in move-in condition and ready for its new owners. Home was completely rebuilt in 2014, Inside you will find no sheetrock or carpet at all. Antique doors and hardware throughout. Reclaimed wood used on the walls and ceiling, roomy tile showers with claw foot tub. Beautiful custom maple cabinets accented by Onyx granite countertops. All new appliances, upgraded insulation throughout, gas fireplace. Outside you will find a beautifully landscaped lawn with fenced garden, fruit trees, and a Koi pond, not to mention, the owner has added a 40x30 insulated Morton garage for all the toys, with 6" insulated walls and 12" attic insulation This home would be great as a full time residence, but would be great as a weekender as well.
