Stunning Contemporary home in highly desired "Up Front" location! The main home features 3 bedrooms, each with a private bath, plus the perfect casita for the "work from home" lifestyle. Full updated with sleek, elegant finishes, you'll find the interior welcoming and bright. Multiple floor-to-ceiling windows provide expansive views of the courtyard which is home to the cool and refreshing pool with spa. Also in the courtyard is the outdoor living area with built-in grills and lounging space. The casita also boasts views of the relaxing courtyard and has been designed with 3 working stations.

The home itself features both hardwood and travertine flooring, a large dining space, and the kitchen is a dream! The kitchen features a huge island, Thermador appliances, custom cabinetry, and a walk-in pantry. Your primary suite has pool views, an elegant en-suite bath with marble counters, jetted tub, oversized shower, and access to the large closet with custom cabinets with granite counter tops. The second-level family room is perfect for family and entertaining! There you'll find a built-in electronics center and double sliding doors to the covered lanai. There is also a fridge and ice maker in the game room! All secondary bedrooms have private baths, high ceilings, abundant windows with custom coverings, and large closets.

You'll love the location in this small enclave that is close to The Woodlands Country Club and golf course, Town Center, and several schools. Please take a virtual tour from this website and call 713-899-9255 for your private tour.
